

**OLD WEST NEWFOUNDLAND CLUB**  
**September 11-13, 2015**

Due to flooding, the 2015 OWNC Water Test had a change in date, venue and judges. Two tests were held September 11-13, 2015 at Lake Kiowa, Texas, where many tests have been held in the past.

Judges Ron Horn and Bethany Karger worked beautifully together during the Friday and Saturday test – always being encouraging and positive to the exhibitors. On Sunday, judges Ron Horn and Cara Perry also worked wonderfully as a team.

We had 23 entries over the three days - many Texas residents as well as exhibitors from Colorado, Florida, Tennessee, Illinois, Missouri, and New Mexico.

On Friday, we had two new WD titlists. Saturday saw three requalifiers for WRD as well as a new WRDX titlist!

On Sunday, we had two new WD titlists as well as two requalifiers for WRD.

Congratulations to all ten of our qualifiers! Splendid results! And to those who didn't quite make it, we hope to see y'all next year!

The water test committee, stewards, volunteers and judges did an incredible job. Thanks to all for their time, effort, use of equipment and guidance. Due to the flooding, it truly took a village to pull this test off. Lake Kiowa came thru and went above and beyond to welcome us back. Dozens of residents visited and said they were delighted we'd returned.

Patty Hall-Taylor, Chair
